### **Proclaiming the Gospel message at Easter – and speaking truth to power**

**In times of great uncertainty**, the people of Russia and Ukraine are in desperate need of hearing the words of the ONE who died on a cross to set them free.

This is the sole purpose of NEW LIFE RADIO: to tell the Slavic world that Christ came to the earth in fulfillment of God's plan to save the world that HE created, and to give eternal life to all those who believe in HIS SON! As one of the few Christian mass media operations still able to operate on the territory of Russia, we have the privilege to challenge Russian-speakers with the claims of the risen Christ, and to bring them to a sure knowledge of His plan for their lives.

Certainly, there are risks to any Christian mission that seeks to explain the Gospel message, with its call to not only LOVE the resurrected Lord, but also to OBEY his commands. In this role, New Life Radio, while operating in a highly restrictive media environment, continues to share a Biblical worldview and perspective through its satellite, FM, and Internet broadcasts. Perhaps it is for a time such as this, that NLR has come into its role as a speaker of Christian truth to a society and government that is in turmoil, and in desperate need of finding the Jesus who can give them freedom and perfect peace

We ask all of our mission partners to pray for the protection of our station operations in Moscow, for our radio missionaries, and for wisdom that each time the microphone is turned on that feeds our global network, that CHRIST IS GLORIFIED, and the message of the Gospel is proclaimed in spirit, truth, and power.

*AS WE CELEBRATE EASTER, pray that our Russian and Ukrainian listeners come to know the love of Christ, and then grow in HIM!*

## WHAT is featured on the AIR? God's Word in spoken and musical formats, 24 hours a day

New Life Radio is designed to assist the evangelical Church in Russia, Ukraine, and other Slavic nations with audio resources to aid in evangelism and discipleship, while reaching out to the unbeliever with the claims of Christ and His call on our lives.

To do this, we feature a small core of the most trusted Bible teachers in Russia, Ukraine, and the USA to provide Christ-centered, Biblically-sound doctrinal teaching, accounting for 25% of daily programming. In order to reach out to our younger audiences, NLR features 70% Christian contemporary music in Russian, Ukrainian, and English, rounded out with 5% news.

For example, during Easter week, the NLR program, **The Word for YOU**, features this program outline as listed on [www.NLRadio.net](http://www.NLRadio.net)

*This Saturday, Orthodox Russia will remember the greatest miracle of Christ - the resurrection of Lazarus. Why did Christ make everyone wait so long? Why did he say at the outset that Lazarus is asleep? Why did He shed tears? What are the lessons from this Biblical story we can take for ourselves? We will also look at how this story is traditionally displayed in the world of Christian art. Students invited to listen in!*

**NEW LIFE RADIO is the evangelical voice of Russia amidst a media environment totally secular and state controlled. It serves as a radio bridge of Christian peace and fellowship between believers in Ukraine and Russia during these troublesome times.**

## CRFR challenge

As we contemplate the death and resurrection of our Lord, and the challenge He gives us to proclaim the Gospel, all of us at CRFR and the radio missionaries in Moscow are grateful that Jesus has privileged us with this great task. And we are thankful that Christians in America are willing to invest in this very needed radio ministry outreach.

It is miraculous, given the difficult information controls over Russian media--that we can broadcast the Christian message to the Slavic world. Your faithful financial support is very needed, so we can do what God has called us to do.
